

Johanne Boileau appointed Director of Nursing

I am pleased to welcome Johanne Boileau as Director of Nursing for the *Centre intégré universitaire de santé et de services sociaux (CIUSSS) du Centre-Ouest-de-l'Île-de-Montréal*.

In this new role, Ms. Boileau will be responsible for the delivery of high quality, safe nursing care throughout the CIUSSS. As a member of the Clinical Coordination Committee, her focus will be on improving patient trajectories through their care, as well as improving patient outcomes.

Most recently, Ms. Boileau was Director of Nursing and Clinical Operations at the Jewish General Hospital (JGH). Prior to assuming that position in 2012, she built her career at the JGH, and was named Associate Nursing Director of Cardiology and Critical Care in 2006. In addition to her work in the hospital setting, she is also a faculty lecturer at McGill University's Ingram School of Nursing.

Ms. Boileau holds Bachelor's and Master's Degrees in Nursing from the University of Montreal.

"I look forward to playing an instrumental role in the delivery of safe, high quality care across our CIUSSS," says Ms. Boileau. "I believe that strong partnerships between physicians, nurses and our multidisciplinary teams bring great benefits and continuous improvement to the patient experience."

Together with Ms. Boileau, the rest of the management team, and in partnership with all of the institutions in our network, I am eager to embark on this new era in health care. Through her nursing leadership, she has shown her commitment to improving the accessibility and quality of care for our patients and their loved ones. I am confident that she will extend her vision throughout our new network of care.
